Through: Project Supervisor/ Guide and Training and Placement Officer, B.I.T Sindri

Subject: **Application for Internship Position at NHAI**

With due respect and humble submission, I'm **RAMAN SAURABH** (B.Tech. 6th Semester) writing to you regarding the Project **Intern role** that opened up recently. I came across the opportunity from the TAP Cell, B.I.T Sindri and was delighted to find that my academic accomplishments meet all of the necessary requirements. I am seeking a challenging but application centric internship, which is why I was drawn to this exciting opportunity.

As an undergraduate at B.I.T Sindri, I have acquired laboratory skills in Building Materials and Concrete Technology, Strength of material, **Highway engineering**. I have also done field survey in my college. Currently, I hold a **CGPA of 9.68** (on scale of 10). In between, I also visited a site under **CPWD**, Ranchi for Vocational Training and performed some Cement, Concrete and aggregate tests. That short experience has kindled me in great way to pursue an intership for a long project.

I would be delighted to have an opportunity to go for further rounds or Personal interview. Please accept the enclosed resume and feel free to contact me at your earliest convenience. I am thankful & appreciate your time and consideration.

Your Sincerely,

RAMAN SAURABH
